Mr. Wiktor Janik
Evropa Construction Ltd
1080 Tristar Drive Unit 12
Mississauga, Ontario

Dear Mr. Janik:

We would like to welcome Evropa Construction Ltd to the Ontario General Contractors Association (OGCA). Since 1939 the OGCA has diligently worked to build Ontario by directly assisting our members to deliver construction excellence in the Industrial, Commercial and Institutional Sectors. Our members include small, medium and large firms representing both union and open-shop contractors. Our members account for approximately 70% of all of Ontario's Industrial, Commercial and Institutional (ICI) projects and the majority of all Alternative Finance Projects (AFPs).

The OGCA carries out its mission by serving its members in the following key areas:

- **ADVOCACY:** OGCA will advance the interests of members by elevating the influence of the organization through expansion of advocacy and outreach to government, industry, and buyers of construction.
- **HEALTH & SAFETY:** OGCA will champion health and safety in the construction industry through guiding change, being proactive, and supporting member companies, and the broader construction industry in improving safety culture.
- **ENGAGEMENT:** Through effective, ongoing communication with our members, future members, and stakeholders, the OGCA will empower, guide and inspire industry leaders resulting in successful relationships and a growing OGCA membership.
- **INNOVATION:** OGCA will empower construction and technology leaders to identify, evaluate, and communicate relevant and useful innovations for the industry.

To continue evolving as an organization, and aiming for our determined achievements, the OGCA plans multiple events a year allowing OGCA members the opportunity to connect with our Associate Partners Program members (APP). Some of the successful events include, but are not limited to OGCA's Women in Construction, Annual Golf Tournament, Annual General Meeting and Conference, and our bi-annual OGCA Symposium.

As a new OGCA member, you will receive exclusive member benefits including, but not limited to:

- Association lead Advocacy and lobbying on behalf of all general contractors with all levels of government
- Updates on the latest health and safety information and best practices
- Review and support for the entire procurement process
